

Secure Your Sovereign Seat

Core Offer:

\$499 / Month

What's Included:

Dedicated Monthly Mission Capacity

Your Assembly Line runs targeted audits and optimizations every month.

Priority Custom Agent Development

Tailored agents built for your industrial workflow.

Direct Architect Consultation

High-signal guidance for OpenBSD, simulation, and pipeline optimization.

Tactical Intelligence Reports

Clear, actionable insights delivered in the same format as your \$149 sample.

Continuous Pipeline Optimization

Your digital twin, simulation, and USD workflows improve every cycle

A seat in the Assembly Line is not a subscription — it is strategic infrastructure.

This line reframes the entire offer.

You're not selling a service.

You're offering industrial leverage
